## HEALTH OFFICER

---

The following is a report of the Health Activities conducted in the town of Holderness, by the New Hampshire Division of Public Health - Public Health Nursing, for the year 1965. Please have printed in your town report.

Home visits have been made on babies and preschool children as requested. Cases have been referred to Crippled Children's Clinics, for assistance under the N. H. Sight Conservation Program, referred to Department of Welfare Case Workers and others as necessary. Home follow-up visits have been made on communicable disease control as referred by the State Office.

In cooperation with the School Nurse, Mrs. Straw, R. N., a Tuberculin Testing Program was carried out in the school on April 7, 1965. Total given the test 128—reactors to the test: 2. The reactors to the test and their families were recommended to have chest Xrays either at their family physicians' or at the Chest Xray clinics. All previous reactors to the TB tests were notified and many attended the clinics held at Plymouth either in the spring or fall of 1965 for their annual Xrays. These clinics are conducted by the N. H. TB & Health Association assisted by the Public Health Nurse. Written follow-up reports are sent to all parties concerned following the clinic.

My sincerest thanks for the cooperation given the program this past year, go to Health Officer, Mrs. Straw, R. N., Local School Nurse and any others cooperating and assisting in the above programs.

Respectfully submitted,

Public Health Nurse, N. H. Division Public Health

LOIS B. REED, R. N.

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

### WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:
  - a. Always get permit to burn from the warden
  - b. Start your fire late in the day after 5 P. M.
  - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

## HOLDERNESS CO-OP STUDY COMMITTEE

### HEARING

July 29, 1965

A special hearing of the Holderness School District was held on July 29, 1965 at 8:00 P. M. The hearing was called to hear a report of the Study Committee.

Mr. Currier read the minutes of all the meetings of the Pemi-Baker Study group culminating with the reforming of the group without Holderness. Mrs. Ayer explained the reasons for the committee's decision. Mr. Colliander explained by means of a chart on the blackboard the relative merits of equalized evaluation and ADM for relevant towns.

Mrs. Wolf asked what the alternative would be if Holderness did not go along with the Pemi-Baker Study group. The possibility of joining with Interlakes was brought up.

A motion was made by Mr. McCarthy to commend the committee and to have them continue to explore other means of solving our educational needs. Motion was seconded by Mr. Ford. Mr. Beij questioned if the school district could be split to allow River Street to go to Plymouth. Mr. Currier's opinion was that it should not be so split.

Mr. Ford called for an indication of Mr. McCarthy's motion. The feeling was unanimous in support of the committee and work it had done.

Mr. Currier said that Interlakes seemed interested in the possibility of having Holderness.

Respectfully submitted,

GERTRUDE L. ELSNER  
Clerk  
Holderness School District

## HOLDERNESS SCHOOL DISTRICT MEETING

JANUARY 29, 1966

---

An emergency meeting of the Holderness School District was held on Saturday, January 29, 1966, at 8:00 P. M.

The Warrant was read by the Moderator, Mr. Carlton Elsner.

A motion was made by Mrs. Henderson and seconded by Mrs. Wolf to accept Article I as follows:

To see if the District will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the District under said Federal Act for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Mr. Fitzpatrick questioned the definition of Public Law 89-10. Mr. Currier, chairman of the School Board, advised that the School Board had had legal counsel regarding the law. He read portions of the law and questions asked by the Board and answered by legal counsel.

Mr. Fitzpatrick asked what percentage of the entire group of children would be affected. Mr. Colliander replied that it fluctuated because of the temporary need of some of the children. The moderator requested permission for Mr. Kenneson, the principal, and Mr. Heffernan, Superintendent of Schools, to speak at the meeting. The request was granted by unanimous voice vote. Mr. Kenneson said around 25-30 children would be affected at present.

Mr. Fitzpatrick wanted to know what it would cost the town. Mr. Colliander explained that the program was set up by the Board in the fall without federal funds to run through December, 1965, because there were monies left over because several children had left the district. Now the Board is trying to put in another program for the remainder of the school year. If Article I were not accepted by the town the Board would amend the budget to include the program.

Mr. Willoughby questioned whether or not it would be better to have the remedial teacher without accepting the grant since the amount would cost the individual tax payer little extra. Mr. Colliander pointed out that we would still have to pay the federal tax and that the town can defeat any future bill if the ramifications of such a bill were unsatisfactory to the town. Mr. Beij reiterated Mr. Willoughby's idea that since the amount was so small it would be better to include the program and absorb the cost without the grant. Mr. Currier said the board felt the bill was "without strings", that the amount was not the issue. Mr. Colliander added that the Board was elected to run the school and provide children with the best education at the lowest cost. Also, the town accepts \$2500 a year from the State for aid, and \$1700 for the hot lunch program.

Mrs. Wolf said that our independence would be better shown in the ballot box and that the need of the school is great.

Mr. Willoughby asked if the town needs another full time teacher. Mr. Heffernan said the town would need another, partly for remedial work and partly for regular teaching. There will be an increase in enrollment next year.

Mrs. Henderson pointed out that all decisions regarding the program will be made locally, not by the government. Mr. Beij said the expansion of such a

program could be serious in affecting the way the school was run. Mr. Fitzpatrick said we should not let this type of assistance start. Mr. Colliander answered that this, in the opinion of the Board, would be depriving the children, that if the \$831. were taken from the budget it could not be used somewhere else. Mr. Carrier added that this program is only for the remainder of this school year. Next year's anticipated program will be discussed at the regular district meeting in March.

There being no further discussion the moderator asked for a vote on the motion by a show of hands. Since a clear count could not be obtained he requested a standing vote. The results were as follows:

In favor of Article I	27
Opposed to Article I	5
The motion was carried.	

The moderator read Article II as follows:  
To transact any other business that may legally come before this meeting.

There being no further business Mr. Brown made a motion to adjourn. The motion was seconded by Mr. O'Donnell.

Respectfully submitted,

Discussion concerning the merits of the school ensued. Mrs. Wolf made a motion to allow Mr. Bailey, the Principal, to speak regarding the academic status of the students at the school. The motion was seconded by Mr. Wolf. Mr. Barlow of the Budget Committee explained the Budget Committee recommendations regarding the amount to be appropriated. After considerable discussion pro and con Mr. Bailey read statistics concerning test reports of the eighth grade class of the Holderness Central School. Mr. Ford recommended that the Budget Committee's figures be adopted in lieu of those requested by the school board. Mr. Richards seconded. The moderator requested a voice vote on Article V. The vote was in doubt. The moderator therefore requested the voters stand and be counted. The results were as follows:

Those in favor of Article V—15

Those opposed to Article V—13

The motion was carried.

Mrs. Henderson moved and Mrs. Ayer seconded Article VI as follows:

I move the District authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which now or hereafter may be forthcoming from the State of New Hampshire and/or United States.

The moderator requested a voice vote which was in the affirmative without opposition.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Holderness:

I respectfully submit my eleventh annual report as Superintendent of Schools:

### Staff

School opened in September of 1965 with the following changes in the teaching staff:

Mr. Guy D. Kenneson, a graduate of Plymouth State College and who had been a member of the Plymouth Junior High Staff for the past three years, replaced Mr. Clarence W. Bailey, Jr., as teacher-principal. Mr. Bailey accepted the position of Secretary of Alumni Affairs at Plymouth State College.

Mr. Kenneth E. Moulton, a graduate of Plymouth State College, replaced Mr. William T. Wilson in the departmental set up in grades 5 through 8, as Mr. Wilson had accepted a teaching position in Bedford, N. H. Mr. Moulton was in the U. S. Army for the past two years.

Miss Helen C. Draper, a graduate of Plymouth State College, replaced Mrs. Virginia D. Dearborn in grade one, as Mrs. Dearborn accepted a position as Supervising Teacher in the Training School at Plymouth. Miss Draper was a member of the Rumney Elementary School Staff for the past two years, and prior to that had served as Supervising Principal in the Tilton-Northfield School system for a number of years.

A study was conducted in the Spring of last year relating to the progress of slow learners and in view of the fact, that a number of pupils showed a need for additional help, the School Board deem it advisable to employ a part-time teacher for special help and remedial work. Mrs. George Plant was employed for a ten-week period ending at the Christmas recess. Funds were made available under Title I of the Elementary and Secondary Education Act of 1965 and the State Department of Education approved as a project the employment of a part-time teacher to carry on the work for the remainder of the school year.

### **Additions and Improvements**

The following additions and improvements were completed:

1. The walls in the corridor were painted.
2. An outside incinerator that was presented by Rockywold-Deephaven was installed.
3. Ventilating louvers were installed in the walls under the gym.
4. Two outside mercury vapor lights were installed.

### **Costs**

The property tax assessment for the 1965-66 school year was \$106,453.36 which was 66.5% of the total property tax assessment. The median for the state was 66.70% and the average was 57.80%. Income from State sources was as follows: Sweepstakes \$4,264.81 and Building Aid \$2,512.50.

The increase in the proposed budget for the ensuing year is mainly due to the increase in tuition rates for the four high schools that accommodate Holderness pupils on the secondary level and the addition of another teacher.

The tuition rates for 1966-67 school year are as follows: Ashland \$521.00, Inter-Lakes \$496.00, Laconia \$552.00 and Plymouth \$555.00.

### **Conclusion**

I wish to take this opportunity to commend the members of the Holderness School Board for their continued interest, and for the time spent in handling the many details relative to the operation of a school system.

I also wish to express my appreciation to the Staff for their fine cooperation and sincere devotion to their duties.

## REPORT OF THE PRINCIPAL

---

**To the School Board, Superintendent of Schools, Parents, and Citizens of Holderness.**

I hereby submit my first annual report as Principal of the Holderness Central School.

The school year started with the opening of school September 8, 1965. Student enrollment has jumped this year to 160 causing many problems. We were very fortunate to be able to get Miss Draper to replace Mrs. Dearborn in the first grade and Mr. Moulton to replace Mr. Wilson in the upper grades.

Improvements have been made in several areas this year and they are as follows: Transportation was improved with the addition of two extra bus routes to accommodate the extra students by Mr. Hunt and Mrs. Heath. The instrumental music program continues to improve and expand under the very capable leadership of Mr. Bushnell. The school library is continuing to expand through the efforts of Mrs. Corbett, the P. T. A., and interested parents. The school hot lunch program under the supervision of Mrs. Wing with the addition of Mrs. Hayes continues to expand and put out a truly great meal.

Skating is again enjoyed by the students due largely to the efforts of the Holderness Fire Department.

With the hiring of Mr. Moulton the interscholastic athletic program is continuing to improve at a rapid pace. Holderness Central School has interscholastic teams in flag football, basketball, baseball, and softball.

The students from Holderness Boys School, under the direction of Rev. Judge, gave the students of Holderness Central a Christmas Party at which time gifts were given to the first four grades and a sum of money was given to the upper four for equipment.

In my opinion, the most important program started this year has been the Special Help Class. After an intensive study by Mr. Bailey, Mr. Heffernan, the School Board, and me, a class of thirty students started in October under the very capable guidance of Mrs. Plant. Due to illness Mrs. Plant left us in December and Mrs. Dane took over. Because of an accident Mrs. Francesco took over for about a month and then Mrs. Dane completed the year. This program has been very helpful for everyone concerned and I am looking forward to continued success next year.

I believe that Holderness Central School has moved forward in many areas this year due largely to the efforts and support of many individuals and organizations. I would like to thank each of you and especially the members of the School Board, Mr. Heffernan, and the members of the staff who have worked so cooperatively with me to make my first year as principal a most enjoyable one.

Respectfully Submitted,

GUY D. KENNESON

Principal
